EXHIBIT NO.63
PRESS NOTE NO.6❖ (1997 Series)
LOI GRANTED FOR NEW UNITS OF SUGAR

Subject: Letters of Intent Granted for New units of Sugar - Validity Period - Regarding.

For all industries retained under compulsory licensing, the applications filed for industrial license are considered in the Approval Committee concerned, and as per approval of the Government, letters of intent (LOI) are issued in the first instance. The LOI specifies the conditions which need to be fulfilled before the LOI is converted into an industrial license. In terms of Press Note No-15 of 1988 dated 10.6.88, the LOI is valid for three years. Extension of validity beyond three years needs to be considered in the Approval Committee concerned.

2. The guidelines for consideration of applications for industrial licenses for sugar factories were revised vide Press Note No. I of 1997 dated 10.1.97. Inter alia, the guidelines provide for maintaining a minimum distance criteria of 15 KM among sugar factories. It is seen that many of the letters of intent issued for sugar factories do not fructify and remain approvals on paper for the entire initial validity period of three years. The location mentioned in such Letters of Intent remains unavailable for other applicants and other locations less than 15 KM away from the location mentioned in a valid LOI also cannot be considered. If the entrepreneur is not serious, the farmers in the zone allocated to the proposed unit suffer for no fault of their own. Consumer interests too would be adversely affected.

3. In order to safeguard interests of farmers, industry and consumers, it is necessary that the licensed capacity is created to the intended time schedule. Accordingly, it has been now decided that the initial validity period of the LOIs granted for setting up new units of sugar should be reduced to one year and to prescribe some milestones, the fulfillment of which would be a precondition for further extension of the period of validity of LOI.

The following are considered as important milestones :

- (a) Acquisition of land for location of sugar mill.
- (b) Commencement of civil works.
- (c) Placement of order for plant and machinery.
- (d) Filing of application for term loan (if required).

The applicant should fulfil conditions 1 and 2, and one of the remaining two conditions and provide documentary evidence to that effect to the Administrative Ministry and the Approval Committee to qualify for further extensions of validity beyond one year.

4. Requests for change of location, if any, would have to be filed within 3 months from the date of issue of the LOI.

5. In terms of this Press Note, the LOIs already issued would be valid for a period of one year from the date of issue of this Press Note, or the present date of validity of the LOI, whichever is earlier.

EXHIBIT NO.64
PRESS NOTE NO.7 (1997 Series)
REMOVAL OF STIPULATION RELATING TO MINIMUM EQUITY STAKE OF SIDC

Subject: Removal of stipulation relating to Minimum Equity Stake of SIDC in Joint Venture and Assited Units.

As per the existing policy relating to the pattern of share holding in the joint sector, the State Industrial Development Corporation (SIDC) and other State Government Agencies are required to hold atleast 26% equity in the paid up capital of the company promoted by them in joint venture. The Government has issued Press Note No-3/1996 series to do away with the stipulations relating to minimum equity stake of State Industrial Development Corporation or other

State Government Agencies in the joint venture by way of waiver, on the basis of specific request of concerned bodies for the approvals issued in the past.

It is hereby further clarified that in line with the liberalised policy, in future when SIDCs submit application for industrial licence for setting up of new units in joint sector, they will not be required to hold 26% equity stake in the proposed joint venture. While applying for the industrial licence, the State Government Agency may indicate the extent of equity holding proposed to be held by it in the proposed joint venture, which would be taken note of while processing the application itself.

PRESS NOTE NO.8❖ (1997 Series)
POLICY & PROCEDURE GOVERNING APPROVAL UNDER SCHEMES FOR 100% EOUs & EPZ

Subject: Policy & Procedure governing approval under the schemes for 100% Export Oriented units (EOUs) and Export Processing Zone (EPZ) units - regarding.

At present approvals are granted within 15 days for setting up 100% Export Oriented Units and the units in the Export Processing Zones, provided the proposals conform to the parameters laid down in Press Note No.3(1995 Series) dated 19.4.1995. One of the conditions to be fulfilled for automatic approval is that the entire manufacturing operations should be carried out in the same premises and the proposal should not envisage 'sub-contracting' by sending any Raw Materials/intermediate products for further manufacturing/processing activity outside the bonded premises. In addition, proposals for setting up "private bonded warehouses in the Export Processing

Zones', were also excluded from the purview of automatic approvals.

With a view to further liberalise the procedure, Govt. have now decided that proposals envisaging 'sub-contracting' shall also qualify for automatic approval, provided other parameters, as laid down in Press Note No.3(95) are met. However, the 'sub-contracting' shall be allowed as per the customs guidelines.

Similarly, the proposals for setting up 'private bonded warehouses in the Export Processing Zones' shall also receive automatic approval from the Development Commissioner of the concerned EPZ, if such proposals fulfill the other criteria for automatic approval as laid down in Press Note No.3(95).

EXHIBIT NO.66
PRESS NOTE NO.9 (1997 Series)
DELEGATION OF POWERS FOR POST APPROVAL AMENDMENTS FOR EHTP & STP

Subject: Electronics Hardware Technology Park (EHTP) scheme and Software Technology Park (STP) scheme - Delegation of powers for post-approval amendments.

Government (vide Press Note No.5(1997) dated 21.5.1997) had delegated certain powers to the Directors of STPs and the Designated officers of EHTPs, to approve projects under STP/EHTP schemes, as well as post-approval amendments.

2. The Directors of DTPs and the Designated officers have now been vested with powers to permit additional import of Capital Goods up to Rs.10.00 crore, without any limitation of imported CG approved earlier, as mentioned earlier in Para 5(i) of the Press Note.

3. In addition to the powers delegated vide Press Note No.5(1997), the Directors of STPs and the Designated officers of EHTPs shall also exercise following powers :-

(i) Change in the name of implementing agency:

The change in the name of the implementing agency can be approved subject to the following conditions :-

A. For change from an individual to a Company provided:

a. the new Company is promoted by the applicant;

- b. he is a subscriber to the Articles and Memorandum of Association of the Company;
- c. he subscribes to the tune of at least 10% of the issued equity capital of the new Company, and;
- d. the individual is a Director of the new Company.

B. For change from a Company to another Company provided:

- a. The transferee Company is a fully-owned subsidiary of the Company holding the Letter of Intent or Permission Letter or vice-versa;
or
- b. A new Company has been promoted for the purpose of implementing the Scheme after the grant of Letter of Intent or Letter of Approval, with at least 10% of the issued equity held by the existing Company; and

The change of name would be permitted only if the new unit undertakes to take over the assets and liabilities of the existing unit.

(ii) Enhancement in value of imported CG due to Exchange rate fluctuations:

Enhancement in the value of imported CG, due to exchange rate fluctuations, can be approved without any upper limit.

The changes as given above, are brought to the notice of the entrepreneurs for their information and guidance.

PRESS NOTE NO.10 (1997 Series)
LICENSING OF INDUSTRIAL EXPLOSIVES

'Industrial Explosives' is one of the industries requiring compulsory licensing as per the Industrial Policy, 1991. The Government has reviewed the Policy for this sector taking into consideration the emerging technologies, safety and security of use, and user preferences. It has been decided that in considering cases for creation of additional capacity,

preference would be given to Site-Mixed Slurry Explosives, and fresh capacity of expansion of capacity for Nitro Glycerine based explosives would not be encouraged.

The above decision is brought to the notice of all entrepreneurs.

EXHIBIT NO.68
PRESS NOTE NO.11 (1997 Series)
DELETION OF CERTAIN INDUSTRIES FROM LIST OF INDUSTRIES UNDER COMPULSORY LICENSING

Subject: Deletion of Certain Industries from the List of Industries under Compulsory Licensing

Subsequent to the announcement of New Industrial Policy in July 1991, the number of industries under compulsory licensing has been reduced from 18 to 14, with the deletion of 4 items requiring compulsory licensing, namely motor cars, entertainment electronics, white goods and leather.

2. To further liberalise the provisions in this regard, taking due note of the emerging technologies on the one side and the available statutory provisions Government have decided to further do away with the licensing provisions in respect of 5 categories of industries. It is expected that the present delicensing move shall contribute to greater industrial growth and will give further impetus to the liberalisation of industrial development by providing greater freedom to the entrepreneurs to take investment and technology decisions in these sectors.

3. The following is the list of industries which Government have decided to remove from the list of industries requiring compulsory licensing :-

- (i) Animal fats and oils;
- (ii) Tanned or dressed fur skins, chamois leather;
- (iii) Asbestos and asbestos-based products;
- (iv) Plywood, veneers of all types and other wood based products such as particle board, medium density fibre board/block board; and
- (v) Paper and newsprint except, bagase based units.

4. The delicensing of these industries will, however, be subject, to locational conditions as given in Press Note dated 2nd August, 1991 and relevant statutes/statutory/policy notifications such as The Vegetable Oil Products (Standards of Quality) Order, 1975, Wild Life Protection Act, 1972, National Forest Policy and Directions and decisions of the Hon'ble Supreme Court. The delicensing of the aforesaid industries shall also not extend to items exclusively reserved for manufacture in the small scale sector. Items reserved for small scale sector shall continue to attract the licensing provisions under the Industries (Development and Regulation) Act, 1951.

5. The entrepreneurs who wish to avail of the liberalised facility of delicensing for the above mentioned industry are requested to follow the same procedure as laid down in the aforementioned Press Note dated 2nd August, 1991 as amended from time to time.

6. The entrepreneurs who have been issued Letter(s) of Intent for manufacture of items now falling under exempted category, need not file an initial memorandum. In such cases the LOI holder shall only file Part B of the memorandum at the time of commencement of commercial production against the LOI issued to them. It is however open to entrepreneurs to file an initial memorandum (in lieu of the LOI/ IL held by them) if they so desire, whenever any variation from the conditions stipulated in the Letter of Intent/Industrial Licence is contemplated.

PRESS NOTE NO.12 (1997 Series)
PROCEDURE RELATING TO APPROVALS FOR 100% EOUs FOR PETROLEUM REFINERIES

The Government have reviewed the procedure relating to approvals for 100% Export Oriented Units (EOUs) for petroleum Refineries. In view of slow progress in implementation of approved projects, it has been considered appropriate that some conditionalities be introduced as part of the approval process so as to ensure speedy implementation. It has, therefore, been decided that in future, approval for 100% EOUs for Petroleum Refineries would be given in two stages. In the first stage an 'in-principle' approval will be given which will be valid for one

year. At the end of one year and on fulfillment of milestones, which would include acquisition of land, mobilisation of subscription or sanction letter from Mutual Funds/Financial Institutions, evidence of efforts initiated to secure institutional loans and tie up for export of products, conversion of the 'in-principle' approval to a final approval would be considered. In the event of nonfulfillment of the aforesaid milestones within one year, the 'in-principle' approval would automatically lapse.

2. This is for general information of investors.

EXHIBIT NO.71
PRESS NOTE NO.14 (1997 Series)
REVISED CONSOLIDATED LIST FOR AUTOMATIC APPROVAL FOR FOREIGN EQUITY UP TO 50%/51%/74%

Subject: Revised consolidated list of industries/items for automatic approval for foreign equity up to 50%/51%/74%

Under the liberalised policies and procedures covering foreign technology agreements and foreign direct investment, the list of 35 industries eligible for automatic approval by Reserve Bank of India (RBI) for foreign equity upto 51% was published as Annex-III to the Statement on Industrial Policy, 1991. The list was detailed based on ITC(HS) Coding System and was published as Annex-III in this Ministry's Press Note No. 10(1992 Series) dated 24th June, 1992. Subsequently, on review of policy on foreign direct investment, the Annex-III was expanded to include industries/items eligible for automatic approval by RBI for foreign equity upto 50%, 51% and 74%. The list of additional industries items, which was based on National Industrial Classification (NIC) of all Economic Activities, 1987 was published as Annex-III to this Ministry's Press Note No.2(1997 Series) dated 17th January, 1997.

2. The description of the 35 industries (Annex-III) included in the Press Note No. 10(1992 Series) dated 24.6.1992 has also been re-cast on the basis of National Industries Classification (NIC), 1987. Further, with a view to avoid reference to two separate lists, a consolidated list has been drawn and is appended as Annex-III to this Press Note. This revised list is in three parts. Part 'A' lists industries/

activities for which automatic approval is available for foreign equity upto 50% Part 'B' for foreign equity upto 51% and Part 'C' for foreign equity up to 74%.

3. The list at Annex-III is in this Press Note supersedes the lists published earlier vide this Ministry's Press Note No.10(1992 Series) and Press Note No.2(1997 Series). The entrepreneurs/investors are advised to give description of their activities for NIC, 1987 classification system while submitting their applications to the Government/Reserve Bank of India for various industrial approvals.

4. Items for which approval for foreign investment is not covered by automatic approval are:-

- (i) Items reserved for small scale sector;
- (ii) Items which require industrial licence under the existing policy
- (iii) All items for aerospace and defence equipment whether specifically mentioned or not; and
- (iv) All items related to production or use of automatic energy including carrying out of any process, preparatory or ancillary to such production or use, under Automatic Energy Act, 1962.

5. The existing conditions for automatic approval of foreign technology agreements, remain unchanged.

REVISED CONSOLIDATED LIST FOR AUTOMATIC APPROVAL FOR FOREIGN EQUITY UP TO 50%/51%/74%

SI. NO.	NIC CODE			Description
	Division	Group	Class	
		355		Manufacture of refrigerators, air-conditioners and fire-fighting equipment and their and accessories.
		356		Manufacture of general purpose non-electrical machinery equipment, their components and accessories, n.e.c.
		357		Manufacture of machine tools, their parts and accessories including toolings and production aids.
		358		Manufacture of office, computing and accounting machinery and parts.
		359		Manufacture of special purpose machinery/equipment; their components and accessories n.e.c.
		359.1		Manufacture of sewing and knitting machines.
		359.2		Manufacture of weighing machinery.
		359.3		Manufacture of washing and laundering machine (including centrifugal clothes driers).
		359.5		Manufacture of filtering and purifying machinery for liquids and gases.
		359.6		Manufacture of distilling and rectifying plants (including heat exchangers).
		359.8		Manufacture of parts and accessories n.e.c.
		359.9		Manufacture of other special purpose non-electrical machinery/equipment n.e.c.
		360		Manufacture of electrical industrial machinery apparatus and parts thereof.
		361		Manufacture of insulated wires and cables, including manufacture of optical fibre cables.
		362		Manufacture of accumulators primary cells and primary batteries.
		363		Manufacture of electric lamps.
		363.2		Manufacture of ultra-violet or infra-red lamps.
		363.3		Manufacture of discharge lamps, florescent, hot-cathode or other discharge lamps.
		363.4		Manufacture of arc lamps.
		363.5		Manufacture of flash bulbs used in photography.
		368		Manufacture of electronic valves and tubes and other electronic components n.e.c.
		369		Manufacture of radiographic X-ray apparatus, X-ray tubes and parts and manufacture of electrical equipment n.e.c.

EXHIBIT NO.71(Contd.)
PRESS NOTE NO.14 (1997 Series)
REVISED CONSOLIDATED LIST FOR AUTOMATIC APPROVAL FOR FOREIGN EQUITY UP TO 50%/51%/74%

SI. NO.	NIC CODE			Description
	Division	Group	Class	
B-13	37			MANUFACTURE OF TRANSPORT EQUIPMENT AND PARTS.
		370		Ship and boat building.
			370.1	Making of ships and other vessels drawn by power upto 10,000 DWT.
			370.8	Manufacture of parts and accessories n.e.c. for ships and boats.
		371		Manufacture of industrial locomotives and parts.
			371.1	Manufacture of industrial diesel locomotives.
			371.8	Manufacture of parts and accessories n.e.c. for locomotives.
		372		Manufacture of railway or tramway wagons and coaches and other railroad equipment n.e.c.
			372.2	Manufacture of railway or tramway passenger coaches.
			372.3	Manufacture of railway or tramway rolling stock, not selfpropelled, other than passenger coaches.
			372.4	Manufacture of railway or tramway fixtures and fittings.
			372.5	Manufacture of mechanical and electro-mechanical signalling, safety or traffic control equipment for railways, tramways, etc.
			372.8	Manufacture of parts of railway rolling stock.
		373		Manufacture of heavy motor vehicles, coach work.
		374		Manufacture of motor cars and other more vehicles principally designed for the transport of less than 10 persons.
			374.2	Manufacture of jeeps and station wagons.
			374.8	Manufacture of internal combustion piston engines and other parts and accessories n.e.c. for motor vehicles classified in this group excluding for 374.1.
		375		Manufacture of motor-cycles and scooters and parts (including three wheelers).
			375.1	Manufacture of motor-cycles.
			375.2	Manufacture of scooters and scooterttes.
			375.3	Manufacture of three-wheelers.
			375.8	Manufacture of internal combustion piston engines and other parts and accessories n.e.c. for motor cycles, scooters and three-wheelers.
B-14	69			RESTAURANTS AND HOTELS
			691	Hotels, rooming houses, camps and other lodging places.
B-15	70			LAND TRANSPORT (SUPPORT SERVICES)
			708	Supporting services to land transport, like operation of highway bridges, roll roads, vehicular tunnels.

EXHIBIT NO.71(Contd.)
PRESS NOTE NO.14 (1997 Series)
REVISED CONSOLIDATED LIST FOR AUTOMATIC APPROVAL FOR FOREIGN EQUITY UP TO 50%/51%/74%

SI. NO.	NIC CODE			Description
	Division	Group	Class	
B16	71			WATER TRANSPORT (SUPPORT SERVICES).
		712		Support services to water-transport like operation and maintenance of piers, loading and discharging of vessels.
B-17	73			SERVICES INCIDENTAL TO TRANSPORT N.E.C.
		730		Cargo handling incidental to land transport.
		731		Cargo handling incidental to water transport.
		732		Cargo handling incidental to air transport.
		733		Renting and leasing (except financial leasing) of motor vehicles, without operator, for passenger transport.
		734		Renting and leasing (except financial leasing) of motor vehicles, without operator, for freight transport.
		739		Renting and leasing of refrigerated/cold transport.
B-18	85			RENTING AND LEASING N.E.C.
		850		Renting of transport equipment without operator.
		850.9		Renting of other transport equipment n.e.c.
		852		Renting of office accounting and computing machinery and equipment, without operator.
		853		Renting of other industrial machinery and equipment.
B-19	89			BUSINESS SERVICES N.E.C.
		892		Data processing, software development and computer consultancy services.
		892.2		Software supply services.
		893		Business and management consultancy activities.
		893.2		Market Research Services.
		895		Technical testing and analysis services.
		899		Research and Development Services (excluding basic research and setting up of R & D/academic institutions which would award degrees/ diplomas/certificates).
B-20	93			HEALTH AND MEDICAL SERVICES.
B-21	99			SERVICES NOT ELSEWHERE CLASSIFIED.
		990		Tourism related industry.

EXHIBIT NO.71(Contd.)
PRESS NOTE NO.14 (1997 Series)
REVISED CONSOLIDATED LIST FOR AUTOMATIC APPROVAL FOR FOREIGN EQUITY UP TO 50%/51%/74%

ANNEXURE-III
(Contd.)

PART 'C'
LIST OF INDUSTRIES/ITEMS FOR
AUTOMATIC APPROVAL FOR FOREIGN EQUITY UPTO 74%

SI. NO.	NIC CODE			Description
	Division	Group	Class	
C-1	19			MINING SERVICES
		190		Oil and Gas field services, except exploration and production services.
		191		Services incidental to mining viz. Drilling, shafting, reclamation of mines, surveys/mapping-excluding services related to gold, silver and precious/semi-precious stones.
C-2	33			BASIC METALS AND ALLOYS INDUSTRIES
		330		Manufacture of iron ore pellets, pig iron, sponge iron and steel in primary/semi-finished/f imshed forms.
		331		Manufacture of semi-finished iron and steel products in rerolling mills, cold-rolling mills and wire drawing mills.
		332		Manufacture of ferro-alloys
		333		Copper manufacturing.
		334		Brass manufacturing.
		335		Aluminium manufacturing.
		336		Zinc manufacturing.
		337		Casting of metal.
		339		Other non-ferrous metal industries, excluding Gold, Silver and Platinum.
C-3	38			OTHER MANUFACTURING INDUSTRIES.
		380		Manufacture of medical, surgical, scientific and measuring equipment except optical equipment.
		380.1		Manufacture of medical/surgical equipment and orthopaedic appliances (manufacture of apparatus based on the use of X-Ray or other radiators is classified in Class 369.1).
		380.2		Manufacture of industrial process control equipment (this class includes manufacture of apparatus used for continuous measurement and control or variable such as temperature, pressure, viscosity etc. of materials and products as they are being manufactured or otherwise processed.)
